The faculty member's contribution increases by one-tenth of a percent for each \$1,000 of salary above \$26,000 to \$45,000, the salary at which the faculty member's contribution is 4%, the maximum faculty member contribution. The University contributes the difference between the required employee contribution and 14% to either Transamerica Retirement Solutions or TIAA/CREF, at the faculty member's discretion.

2. The Provost must acknowledge receipt of such notification with a written agreement of the terms, copied to the Chair of FAC, to be signed by the faculty member and the University. The Provost may require the faculty member to delay the beginning of phased retirement for one year due to programmatic exigencies.

I. Limits on Faculty Options

1. After entering into a phased separation agreement, a faculty member may choose to reduce the period of the phased separation by one academic year, provided that the faculty member provides notice to the Provost/VPAA by February 1 of the preceding academic year.

Article 22. Tuition Scholarships for Faculty Members, Spouses, and Children

Full-time faculty members, their spouses, and their children will, on application through the Office of Human Resources and acceptance by the University, receive full tuition scholarships for any credit bearing catalogue courses taken at the University. Faculty children will be eligible for this benefit up to and including the academic year in which they attain the age of twenty-four (24). Special requests for extensions of this benefit beyond this age limit will be decided by the Provost/VPAA in consultation with the chairpersons of FAC/FPC. The Office of Human Resources will, in all cases, require that application be made for any available federal or state assistance. The tuition remission benefit for faculty members and their dependents will not be applied until all required financial aid forms and applications are officially filed. If all applicable financial aid forms are not completed in a timely manner, the actual amount of state and/or federal grants that the student would have been eligible for will be deducted from the University's tuition remission benefit. The faculty member is responsible for paying the University the portion of the financial aid package that was forfeited by not filing all of the required forms in a timely manner. The same scholarship benefit is extended to the children of deceased or disabled full-time faculty members who served for at least seven (7) years immediately prior to death or disability.

The University participates in FACHEX (faculty children exchange) which presents the possibility of full tuition at other Jesuit institutions when an exchange slot is available.

The University is a member of the Tuition Exchange - Washington, DC consortium (TE). Membership in TE provides tax-free scholarships. At a minimum, the University will make available the same number of outgoing exchanges as it has incoming exchanges.

The Scranton Preparatory School tuition benefit is applicable to all current members of the bargaining unit hired before September 1, 1994. Under this benefit, the University makes 95% tuition payments to the Scranton Preparatory School for children of eligible University full-time faculty members.

In accordance with the University's agreement with Wyoming Seminary Preparatory School (Wyoming Seminary), Wyoming Seminary provides children of full-time faculty members enrolled at Wyoming Seminary in any grade, pre-kindergarten through postgraduate level with a 50% tuition reduction during any academic session. This tuition reduction is based on the mutual agreement of both the University and Wyoming Seminary. Either institution may terminate this agreement on or before April 15 preceding a new academic year beginning in September.

Children must meet the ordinary admissions requirements for Wyoming Seminary.

To apply for this benefit, the eligible parent must complete an eligibility form, available from the University's Office of Human Resources. Additional aid may be requested by filing the Parent's Financial Statement, available at Wyoming Seminary, with the financial aid officer at Wyoming Seminary.

Article 24. Librarians

Article 25. Exercise Science and Sport

- B. This normal credit load may be fulfilled by a combination of teaching and collateral athletic assignments.
- C. Collateral athletic assignments will be made by the Director of Athletics, who will consult with the department chair. Disputes, if any, will be resolved jointly by the Vice President for Student Affairs and the Dean of the Panuska College of Professional Studies (PCPS). Reimbursement will occur after the adoption is finalized. Itemized expenses must be presented for reimbursement. The maximum reimbursement to a University employee during his/her total employment with the University is \$6,000.

Ordinarily, the University will provide two weeks of paid leave to any faculty member during any semester in which the faculty member adopts a child. During this two-week period, department members are called upon to cover the classes with no additional compensation.

In cases where the adopting parents are both University employees, the reimbursement is paid only once to the family unit per adoption, not to each University employee individually. In these cases, both parents will be provided with paid leave as described above.

The reimbursements described in this article will be available to faculty members who are adopting a child and to faculty members and dependents who are placing a child for adoption.

Article 33. Alternative Contract Arrangements

In some cases the dean may approve a position constituted in such a way that a faculty member's contract rule refers to the summer and fall semesters or spring and summer semesters rather than the customary fall and spring semesters. In addition to all of the terms and conditions of the Collective Bargaining agreement (containing the Faculty Contract and the Faculty Handbook) this alternative arrangement is defined by and subject to the following conditions.

- A. Acceptance of this alternative contract by a faculty member, either upon hiring or later in the faculty member's service to the University, must be voluntary in nature. Except for situations in which an individual is specifically hired into a position that would constitute an alternative contract arrangement, only tenured faculty members will be asked on an individual basis to consider accepting such arrangements.
- B. If a current faculty member on a regular contract makes the transition to this alternative contract arrangement, he or she will receive a check on May 1st of the last year of the standard contract, which will represent his or her salary for May and the deferred payments for the remainder of the academic year.
- C. During subsequent academic years for faculty members transitioning to the alternative contract, or for faculty members hired under the alternative contract, the contract period

given in writing to the candidate at least three months prior to the expiration of the contract in the first academic year of service, at least six months prior to the expiration of the contract in the second academic year of service, and at least twelve months prior to the expiration of the contract in the third and subsequent academic years of service at the University.

- G. In the event that the faculty member holding this alternative contract elects to return to a regular fall and spring semester schedule, he or she must notify the chair of the department and the Dean of this intention by September 15 of the year prior to the academic year in which the faculty member wishes to return to a standard contract.
- H. A faculty member wishing to return to a standard contract will not be paid during June, July and August of the year before he or she begins his or her new regular contract.
- I. In the event that the faculty member holding this alternative contract elects to terminate his or her service to the University, he or she shall offer written notice of this intention to resign to the Provost/AVP at least 120 days before the date of contract expiration. The effective date of departure shall not fall within the summer or fall semesters. No resignation will be permitted to become effective during the first 30 days after the starting date or renewal date of a contract, except by mutual consent.
- J. If the faculty member holding this alternative contract is not serving as a department chairperson, he or she shall be exempt from the responsibility to participate in University and department faculty meetings as stipulated in Section 5.4.H of the Faculty Handbook during the regular semester that he/she is not teaching. However, the faculty member does

2. the course has received a Writing Intensive designation; or
3. the course has received a departmental and decanal designation as one primarily employing inquiry-based learning or problem-based learning.

Article 35. Benefits Committee

The University will continue the Benefits Committee established under the 2009-12 contract, which will include an equal number of representatives of faculty and administration, designed to ensure effective communication between faculty and administration on the delivery of benefits. The Committee will serve in an advisory role on the effective delivery of benefits, and members will report to their constituencies as determined by each constituency.

During the term of this Agreement, the Benefits Committee will explore the availability for unit members of the various products on the market regarding long-term care coverage, including products that cover such benefits as adult day care, home health care, transportation, assisted living, and home aids. It is understood that the University would not contribute to the cost of any such product that might be made available to unit members.

Article 36. Program Directors

1. Program Directors are appointed by the Dean and recognized as having important duties and responsibilities. Program Directors typically work closely with Department Chairpersons in providing services to students in programs within departments and in other areas of the University. The University retains the right to decide which academic programs need a Program Director and how many Program Directors to have.
2. All Program Directors must be tenured or tenure-track members of the full-time fihoon,

5. Program Directors may be required to work during the summer as well as during the normal academic year as a condition of their appointment and this will be taken into account in setting their salary.
6. Program Directors may be appointed for terms of one or two years at the discretion of the Dean and after considering the recommendation of the Department Chairperson.
7. The University retains the right to create or eliminate Program Director positions in any School or College at its sole discretion. Further, the University retains the right not to reappoint Program Directors to subsequent terms either because, in its judgment, there is no longer a need for the position or because of individual performance considerations. The non-reappointment of a Program Director will not affect his or her status as a full time faculty member.
8. Program Directors will be paid as follows:
- a. Due to the variation in Program Director duties, and variations in the length of appointment, the compensation for such work will vary. However, effective with Academic Year 2013-14, the University agrees that the minimum payment for such work will be the three-credit overload rate (fall/spring rate) and a three-credit reduction in teaching load. For purposes of released time, Program Directors will be considered to be on a 21-credit load.
 - b. Deans will decide upon the level of payment and/or released time for Program Directors after consultation with the Department Chair and with the faculty member who is to serve as Program Director. The Dean shall also take into account a number of variables in setting the compensation level. Such variables shall include, but not

expected responsibilities in the areas of program marketing; recruitment of students into the program; responsibilities with the faculty, students and administration; program performance; course/curriculum work and other duties.

- c. The Dean shall not act arbitrarily or capriciously in setting the level of payment and/or released time.

The Stipend for developing, redesigning or delivering less than a three credit hour online course will be as follows:

- a. Initial development \$2,500
- b. Re-design \$1,500
